

ImaSight
PRESTO DR
Veterinary System

ImaSight is now offering

DR FLAT PANELS!

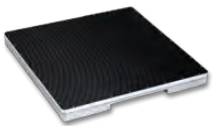

Take advantage of the latest technology!

Our Software and Flat Panels make for an unbeatable combination!

Want higher PRODUCTIVITY and EFFICIENCY?

Our flat panels process digital x-rays in the same exact manner as our other CCD-DDR sensors – and are easily integrated into your existing infrastructure:

- **Simplified Design** – Only one plate
- **Easy to Operate** – No additional hardware to manage
- **Low Exposure** – Minimize x-ray exposure to your patients
- **High-Resolution Images** – Delivers hospital-quality x-ray images
- **Ethernet** – Images are transferred at blazing speeds
